## **The time for your COVID-19 vaccination is now!**

If anyone needs help getting on the Harris County waiting list to get your vaccination, please give Marilou a call at 713-686-2233.

I will ask you a few questions, fill out a digital form and it will take only about 5 minutes. Please call -- caregivers are essential and in the 1A category and should not have to wait long for vaccine.

A huge shipment of doses is being sent to Houston this week. Just call me, glad to help. Marilou 713-686-2233 -- or register yourself:

## **At Encore Caregivers, we love our heroes...**

They step up to take last minute shifts that we desperately need to fill. We hate to disappoint our clients and our heroes make it possible for us to say yes to every request for last minute shifts.

We know that when you say that you will take a last minute shift, you are stepping up in a very professional way. We thank you and we put your name on a hero ticket and put it in our hero box. Every month, on the first and third --

we draw for a \$25 gift card.

Thank you very much for picking up those unexpected, last minute shifts. We want

you to know that we appreciate you -- couldn't do it without you!

Whether you call it the Ice-pocalypse or Snow-magedon, it was darn cold in Houston for days and days. The roads were covered in ice here and there -- even in places where you might not expect it. Power and running water were in short supply -- and our caregivers were still on the job.

Many caregivers suffered through early or late hours -- long hours either stranded on assignment or long hours volunteering to stay put to help their clients -- knowing that someone else may not be able to make it to the home. We salute all of you -- job well done.

This caregiver was on a particularly difficult case. She stuck it out with grace and professionalism. She took care of her client through thick and thin -- no power, no water -- freezing temperatures and difficult situations. She did not complain even though there was perhaps much about which she could complain. It was what a professional caregiver would have done. She nailed it. She showed her heart and her professionalism -- job well done.

Prisca Ehizibue, you make us proud. You can be proud of yourself, too. You have demonstrated clearly to us, to the client and client's family what you are made of. You show the world what a selfless, professional caregiver is all about. As a reward -- please buy yourself a special treat with the \$25 gift card that you picked up in the office. Congratulations to you for all that you do.

## In the Spotlight ...

is a caregiver who knows exactly what he is supposed to do and does it expertly. We are celebrating the fact that this caregiver is a pro on the business side of caregiving. It is second nature to him.

This caregiver has been with us only since January but has unfailingly shown us, here in the office, that not only is he a high-quality caregiver because of his solid caregiving skills, but he understands the importance of the business side of his job, as well.

He clocks in and out on-time like a machine (punctual guy). He has shown real eagerness to pick up shifts and to train, train, train. What a leader! He has a real focus on business.

All of this professionalism reflects very positively on him and on Encore Caregivers. He makes us proud.

**Justin Hamilton**, would you please come to the office to claim your \$25 gift card? You are super awesome and we notice.

Thank you all for the great work you do.
